

Booking Rules

Managing this schedule is a time consuming job, it is important you book, keeping in mind we don't like to do weekly changes.

1 spot per teacher (not a spot per dance) If you have more than 1 solo with a teacher, and the teacher needs more time with you, she will add additional time when needed.

Read above the column for dates and changes we already know.

Teachers do not want breaks and schedules will be pushed together without gaps

Miss Pavlova will book her own spots as she wants longer spots for each student and she books every week

If you foresee missing lessons(holidays, nutcracker, volleyball etc), book your time at the end of the day so these changes don't affect the entire day's schedule. We do not want to reschedule dancers weekly!

If a teacher bills the studio for the time as you just didn't show up...YOU WILL BE BILLED.

Do not double book yourself. Choose a different time slot each column as sometimes days and weeks and teachers combine differently.

If I see double booking I will change your time spot.

Remember you must be taking the weekly class of the dance discipline you choose to do a solo or duo in
