

2017 Hair/Shoe/Costume Information/Make-Up

Please remember to...

- Before Picture day...Some costumes may need a bit of your attention...ironing, pinning elastic straps once child gets into the costume, pinning skirts to outfits etc.
- Tutus should be steamed not ironed as most melt. Hang in bathroom while someone has a hot shower!
- Tutus need to be packed separate as they do tear. Look after them. You are responsible to pay for damages. All tutus will be checked.
- Remember proper undergarments...bras etc that straps don't show...at all! Clear straps aren't the best. We prefer beige straps pinned under costumes.

Shoes

- All Paten Tap shoes must have elastics not ribbons and tuck in all shoe laces into your shoes.
- Tuck All Laces on all shoes.
- Polish and clean all shoes (especially ballet shoes...No holes!)
- No jewels on beige foot undies!
- Tap shoes for Tap 2 and up should be lace up preferably. They just sound better. If you have open paten shoe please bring black golf socks to wear so that your shoes look closed (Tap 1 and up)
- Do not go and buy new shoes. Please post of the face book page any used shoes you wish to sell so we can swap. Also look in the shoe boxes at the studio.

Hair and Headpieces

Be sure to take time and care for neat hairstyles!

- The set studio hairstyle is a mid bun.
- A few exceptions Tiny Tot and Kindertot is to be in a half pulled back ponytail as curled as you can get it. Ringlets is great!
- All headpieces will be worn on the right side and will be put on by the hairpiece ladies.

Tights

- **No** panties or thongs under tights they show!!
- All black fishnets should be worn with beige matte tights underneath for unity and for comfort.
- You **MUST** have proper **dance** tights: Pink Microfiber, beige matte, black matte etc. Absolutely **NO** NYLONS or Wal-Mart thin tights

Make-Up:

- **Dark Stage Make Up for everyone. Please follow these steps.**
- Start with foundation 1-2 shades darker than skin tone
- deep plum blush, brown shades of eye shadow using lots of white highlighter both above and below the eye
- mascara and false eyelashes... False Eyelashes for Everyone Please unless your eyelashes are extremely long and thick already...lashes do make a difference.
- eyeliner (wings) which makes 2 parallel lines one from below the eye, one from corner of the eye and out about 1/4 of an inch
- place 2 rhinestones between these lines for sparkle
- lip liner and a bright/deep red
- Make up should enhance your child's already beautiful face. It should be done with care.
- Anyone with specialty make up bring makeup remover and a wash cloth! (skeletons!)
- Large Rhinestone Ear rings for everyone Stick on's from the dollar store work.
- No jewellery or nail polishes (unless called for as accessories).
- Glitter (silver/iridescent) spray can be used for solos...if one student in a group uses it...all must use it.
